### **Contents**

More than ten years in preparation. This publication:

- Thoroughly researches and documents the postmarks and postal history of Cameroun 1960 to date.
- Complements earlier publications about the country under the prior German, British, and French administrations.
- Draws upon all relevant published literature.
- Builds upon extensive information obtained through first-hand visits to, and discussions with postal officials in Cameroun.
- Lists each post office in Cameroun, taking into account name and spelling changes and, to the extent possible, giving the date of opening for each.
- Clearly and accurately illustrates 2,000+ different postmarks and gives the recorded earliest and latest dates of use for each.
- Includes 13 detailed maps showing the location of each post office in Cameroun and connecting postal routes.
- Color photos depict approximately 100 post offices, postal personnel, and postal operations.
- Color illustrations of numerous envelopes, postal forms, and documents representative of postal operations.
- Fully documented with 163 references.
