## Book of the Month

### FLEEING FROM THE FUHRER

by Charmian Brinson & William Kaczynski

'A Postal History of Refugees fleeing from the Nazis . A unique collection of correspondence during WWII between refugees in internment camps worldwide and those incarcerated in German concentration camps. These stories are told The Jewish flight from Nazi Germany was one of the largest diasporas the world has ever seen. It sparked an international refugee crisis that changed society and continues to shape our culture and community today.

The lifeline these refugees had was short postcards and letters to let each other know they were still alive. Many of these were sent from internment camps established worldwide for the overwhelming number of asylum seekers.

William Kaczynski came to England with his family in 1939 as a refugee from Nazi Germany. He was interned with his brother and mother for 10 months in Rushen Camp on the Isle of Man

Co-author Charmian Brinson is Professor of German Studies at Imperial College, London. She is a founder member of the Research Centre for German and Austrian Exile Studies.'
